

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (Currently Amended) A dispenser for dispensing materials, comprising:
a bottle container for holding the material to be dispensed;
a frame apparatus for interchangeably holding at least one planar decorative items item against at least one side of said container, said frame apparatus coupled to said container bottle;
locking means for locking said frame apparatus to said container bottle; and
a dispensing means for dispensing said materials from said container bottle.
2. (Currently Amended) The dispenser of claim 1, further comprising a base for receiving said bottle container and frame apparatus.
3. (Previously Presented) The dispenser of claim 2, further comprising a memory device for playing a sound when said dispenser is removed from said base.
4. (Currently Amended) The dispenser of claim 3, further comprising a switch for activating said memory device when said bottle container is removed from said base.
5. (Previously Presented) The dispenser of claim 1, wherein said frame apparatus comprises a plurality of frame portions and wherein said plurality of frames portions each contain an aperture.
6. (Currently Amended) The dispenser of claim 5, wherein said aperture contains an inner edge operable to lock onto said container bottle.

7. (Currently Amended) The dispenser of claim 6, wherein said ~~bottle~~ container contains matching size cavities operable to mate with said inner edge of said apertures.

8.(Currently Amended) The dispenser of claim 1, wherein said frame apparatus comprises a plurality of frame portions and wherein said plurality of frames portions each contain clips to lock onto each other and contain said container ~~bottle~~.

9. (Currently Amended) The dispenser of claim 2, wherein said ~~bottle~~ container comprises a dispensing mechanism.

10. (Original) The dispenser of claim 9, wherein said base includes an opening for receiving said dispensing mechanism.

11. (Currently Amended) The dispenser of claim 1, further comprising a cap for receiving said ~~bottle~~ container and frame portions.

12. (Original) The dispenser of claim 6, and further comprising a cover for covering said aperture.

13. (Previously Presented) The dispenser of claim 1, wherein said frame apparatus comprises two frame portions.

14. (Previously Presented) The dispenser of claim 1, wherein said frame apparatus is square.

15. (Previously Presented) The dispenser of claim 1, wherein said frame apparatus is rectangular.

16. (Previously Presented) The dispenser of claim 1, wherein said frame apparatus is circular.

17. (Previously Presented) The dispenser of claim 1, wherein said frame apparatus is triangular.

18. (Previously Presented) The dispenser of claim 1, wherein said frame apparatus is of an irregular shape.

19. (Previously presented) The dispenser of claim 5, wherein the aperture is the same shape as said frame portions.

20. (Previously presented) The dispenser of claim 5, wherein the aperture is a different shape from the shape of said frame portions.

21. (Cancelled)

22. (Cancelled)

23. (New) The dispenser of claim 1, wherein said container is a bottle
